

# The Immune Microenvironment and Cell Trafficking Symposium

Monday, October 28, 2013 Welcome Dinner

Tuesday, October 29, 2013 CAS-IBP Auditorium

9:00 - 9:10	Opening Remark
9:10 - 9:45	Morning session 1: <b>Sirpa Jalkanen</b> (MediCity Research Laboratory, University of Turku, Finland) <i>New players in cell trafficking within lymphatics</i>
9:45 - 10:20	<b>Yulong He</b> (Laboratory of Vascular and Cancer Biology, Cyrus Tang Hematology Center, SooChow University) <i>Molecular regulation of lymphatic remodeling and valve development</i>
10:20 - 10:40	<u>Group photo, Coffee Break</u>
10:40 - 11:15	Morning session 2: <b>Oliver Pabst</b> (Institute of Immunology, Hannover Medical School, Germany) <i>Regulation of cell egress in the intestine</i>
11:15 - 11:50	<b>Yingchun Wang</b> (Institute of Genetics and Developmental Biology, Chinese Academy of Sciences) <i>Quantitative identification of phosphor-signals that regulate dynamic pseudopodial protrusion and retraction of migrating cells</i>
11:50 - 12:25	<b>Qian Chai</b> (Swiss Federal Institute of Technology in Zurich, Switzerland) <i>Investigating fibroblastic reticular cells in vivo</i>

12:30 - 13:30	<u>Lunch</u> (All Participants)
	Afternoon session 1:
13:30 - 14:05	<b>Burkhard Ludewig</b> (Institute of Immunobiology, Kanton Hospital St. Gallen, Switzerland) <i>Impact of endothelial lymphoid tissue organizer cells on lymph node development</i>
14:05 - 14:40	<b>Zhihai Qin</b> (Institute of Biophysics, Chinese Academy of Sciences) <i>Role of Tie2 positive macrophages in tumor necrosis-induced angiogenesis</i>
14:40 – 14:55	<u>Coffee Break</u>
	Afternoon session 2:
14:55 - 15:30	<b>Gou Young Koh</b> (Korea Advanced Institute of Science and Technology, Korea) <i>Diverse and versatile roles of lymphatic vessels in lymph node</i>
15:30 - 16:05	<b>Feng Liu</b> (Institute of Zoology, Chinese Academy of Sciences) <i>Thymus and T cell development in vertebrates</i>
16:05 - 16:40	<b>Mingzhao Zhu</b> (Institute of Biophysics, Chinese Academy of Sciences) <i>LTbR regulates thymic development, homeostasis and function</i>
16:40 - 16:50	Closing Remark
18:00 - 20:00	<u>Reception</u>
